RAKHI MAKING
CLASSES (I-V)

'Raksha Bandhan' or 'Rakhi' is a special occasion to celebrate the virtuous bond of love between a brother and a sister which is one of the deepest and noblest of all human emotions. To inculcate the value of love and brotherhood, an understanding of customs and enhancing the creative skills of our students, a Rakhi Making Competition was held in the month of August for the students of classes I-V. The students of classes I-V were made aware of using all natural products to promote the concept of 3 R's and thereby save the environment from the harmful effects of materials that are usually used in the making of rakhis. The students made beautiful eco-friendly rakhis with lot of enthusiasm and showing concern for mother earth.
